

Questionnaire concerning the sale of a house

If you think it necessary, you can provide further information either at the end of the questionnaire or in the text. If you are in doubt about how to answer something, or if you do not understand a question, just put a question mark beside it. Please then contact the agent as soon as possible. Just cross out a question if it is not relevant. A copy of the questionnaire about the house is given to the buyer. In addition, a copy of the questionnaire is normally attached to the sales contract as an attachment.

Property

The questionnaire uses the term 'house'. The term house should be interpreted broadly. The term 'house' in the questionnaire refers to the entire immovable property including appurtenances, such as a garage, storage space, shed, garden and the like.

Purpose of questionnaire

The questionnaire provides shape, content and structure to the duty of disclosure. The duty of disclosure goes no further than sharing what you as the seller know about the house at the time of completing the contract. The questionnaire is not intended to provide guarantees and is of an informative nature.

Usually most of the questions in the questionnaire can be answered with 'yes', 'no' or 'not known'. The open-ended questions feature a text box. Here you can formulate your own answer. If you cannot answer the question, please indicate that the answer is not known to you.
